5. Recycled water service refers to non-potable water that has been processed and treated by one of the following methods:

This caused the quantity rate to go down by \$0.0474/CCF. Amounts collected from the quantity rate decrease will be tracked in a balancing account, as required by Section 792.5 of the Public Utilities Code. The monthly service charge for a 5/8 x 3/4-inch meter decreased by \$0.42.
