

California Water Service's Firefighter Grant Program

Quality. Service. Value.®

California Water Service (Cal Water) is proud to partner with the firefighters who dedicate their lives to keeping our communities safe. As part of our gratitude for everything these brave men and women do, Cal Water has established the Firefighter Grant Program to support and recognize local fire departments. Cal Water will award up to \$60,000 in grants to assist local fire departments.

Eligibility Criteria

Uniformed fire departments, whether professional or volunteer, that serve at least a portion of one of Cal Water's service areas are eligible for the Firefighter Grant Program. Individuals are not eligible to receive grants through the program. Grants may be used to offset some or all the cost for:

- Personal protective equipment;
- Firefighting or communications equipment;
- Training and requisite materials; and
- Educational materials used to support fire protection efforts.

Application Submission

Applications must be submitted electronically via email by **October 13, 2019** to firefightergrant@calwater.com. To be considered, applications must include the completed application form; documentation of the cost of equipment, product, or service for which the grant would be used for; and a copy of the department's or parent organization's (e.g., city or county) W9 Tax Identification Form.

All applicants will be notified of their application status.

Firefighter Grant Program Application Form

Name of Organization / Fire Department:

Physical Address:
