4. **Fire sprinkler rate:** Any service to a residential customer not exceeding two units with a meter size that has a "fire sprinkler" rate (listed above) is eligible for that rate if: (a) the customer is paying for service where a residential fire sprinkler system is required/requested to be installed by local fire or building codes; (b) a smaller meter would be large enough to provide adequate service in the absence of the additional demand needed to supply water to the system; (c) the sprinkler system is served through the meter providing residential water service; and (d) the customer requests the "fire sprinkler" rate. The Company may seek verification that the above criteria are met.  (every other month):

9. **Annual Service Charges in RDV-Unified: Armstrong, Noel Heights, and Rancho Del (C)**
Paradiso (not Hawkins)
 The annual service charge applies to service during the twelve-month period
 commencing July 1, and is due in advance. If a permanent resident of the area has been
 a customer of the utility for at least twelve months, they may elect at the beginning of
 each year to pay prorated service charges in advance at intervals of less than one year
 in accordance with the utility’s established billing cycle.
10. **Opening Bill for Metered Service in RDV-Unified: Armstrong, Noel Heights, and (T)**
Rancho Del Paradiso (not Hawkins)
 The opening bill for metered service, except from conversion from flat rate service,
 shall be the established annual service charge for the service. Where initial service is
 established after the first day of any year, the portion of such annual charge applicable
 to the current year shall be determined by multiplying the annual charge by one three-
 hundred-sixty-fifth (1/365) of the number of days remaining in the year. The balance of
 the payment of the initial annual charge shall be credited against the charges for the
 succeeding annual period. If service is not continued for at least one year after the

 customer.
11. **New Service in RDV-Coast Springs (T)**
 Applicants requesting water service that would cause the Coast Springs water system to
 exceed 250 service connections, or such higher number of connections as DHS may

 applicants on the waiting list will be notified in the order they were received. Any
 previously accepted application for water service in the Coast Springs water system will

Applicants who have had their approval revoked in this manner will be placed at the end of the waiting list.

12. Exemption for Saint Anthony's Monastery in RDV-Coast Springs

13. Water Expense Increase

Beginning on January 1, 2025, rates in this area will reflect a 3.5% revenue increase due to higher charges by the San Francisco Public Utilities Commission (SFPUC) and Bay Area Water Supply and Conservation Agency (BAWSCA). This caused quantity rates to go up by the following amounts: \$0.1998 /CCF for Tier 1 usage, \$0.7952 /CCF for Tier 2 usage, \$0.9937 /CCF for Tier 3 usage and \$ 1.4899 /CCF for Tier 4 usage. Amounts collected from these quantity rate increases will be tracked in a balancing account, as required by Section 792.5 of the Public Utilities Code.
