PROOF OF PUBLICATION

FILE NO. Lori Doty

In the matter of

San Mateo County Times

The undersigned deposes that he/she is the Public Notice Advertising Clerk of the SAN MATEO COUNTY TIMES, a newspaper of general circulation as defined by Government Code Section 6000, adjudicated as such by the Superior Court of the State of California, County of San Mateo (Order Nos. 55795 on September 21, 1951), which is published and circulated in said county and state daily (Sunday excepted).

The PUBLIC NOTICE

was published in every issue of the SAN MATEO COUNTY TIMES on the following date(s):

4/23/2011, 4/30/2011

I certify (or declare) under the penalty of perjury that the foregoing is true and correct.

Public Notice Advertising Clerk

Legal No. 0003969077

**NOTICE OF INTENT TO ADOPT
AN URBAN WATER MANAGEMENT PLAN
AND
HOLD A PUBLIC MEETING
TO
RECEIVE COMMENTS ON THE PROPOSED PLAN
CALIFORNIA WATER SERVICE COMPANY'S
SOUTH SAN FRANCISCO DISTRICT**

California Water Code, Part 2.6 Chapters 1 through 4 (Sections 10610 through 10656), are known and may be cited as the "Urban Water Management Planning Act."

These California Water Code sections require all urban water suppliers that provide water for municipal purposes either directly or indirectly to more than 3,000 customers or supply more than 3,000 acre-feet of water annually to prepare an Urban Water Management Plan as outlined and identified in those sections. This requirement applies to public and privately owned water utilities.

The plan must describe and evaluate sources of supply, reasonable and practical efficient uses, reclamation, and demand management activities. The components of the plan may vary according to an individual community or area's characteristics and its capabilities to efficiently use and conserve water. The plan must address measures for residential, commercial, governmental, and industrial water demand management.

The act requires urban water suppliers to update their Urban Water Management Plans at least once every five years, and to file updated plans with the Department of Water Resources, the California State Library, and any city or county served by the supplier no later than 30 days after adoption.

California Water Service Company (Cal Water) is an investor-owned public utility providing water service throughout California. In addition, Cal Water is regulated by the California Public Utilities Commission (CPUC).

One of Cal Water's service areas is the South San Francisco District, which is located in San Mateo County. The South San Francisco District serves the cities of South San Francisco, Colma, a small portion of Daly City, and the unincorporated area of San Mateo County known as Broadmoor.

As a defined urban water supplier, Cal Water is preparing an update to its Urban Water Management Plan that will address the water service conditions in the South San Francisco District. It is Cal Water's intent to adopt that plan and file that plan as required with the Department of Water Resources, the California State Library, and any city or county within which Cal Water provides service.

A key focus of this UWMP update is the conservation requirement set forth in Senate Bill 7 (SBx7-7) as passed in November 2009. SBx7-7 mandates a statewide 20% reduction in per capita urban water use by 2020. In order to quantify the objectives and identify the means of achieving this mandated demand reduction, Cal Water has prepared a Conservation Master Plan.

Cal Water is in the process of expanding current conservation programs and developing new programs for its 24 districts. Over the next five years, Cal Water conservation program expenditures are likely to increase, due in large measure to recently adopted state policies requiring future reductions in per capita urban water use. These state policies include SBx7-7, as well as recent decisions by the California Public Utilities Commission (CPUC) directing Class A and B water utilities to adopt conservation programs and rate structures designed to achieve reductions in per capita water use, as well as the Memorandum of Understanding Regarding Urban Water Conservation in California (MOU), of which Cal Water has been a signatory since 1991.

The Conservation Master Plan for the South San Francisco District will be presented to the Cities, Counties and public served by Cal Water's South San Francisco District in conjunction with the UWMP.

Schedule of upcoming actions:

On April 1, 2011, a copy of the Proposed Urban Water Management Plan was made available for review during normal business hours at Cal Water's Bayshore District Customer Service Center, 341 North Delaware Street, San Mateo CA 94401.

It is preferred that prior arrangements be made with the district's management for viewing the Proposed Urban Water Management Plan and/or the Conservation Master Plan. These arrangements can be made by calling (650) 558-7800.

As an alternative to reviewing the Proposed Urban Water Management Plan in Cal Water's South San Francisco District Customer Service Center, Cal Water has placed an electronic copy of the Proposed Urban Water Management Plan on an FTP site, where the plan may be reviewed and/or downloaded.

The site can be accessed at
<http://calwater.ftptoday.com> ;
The user name is **cwsftp29** and the password is
Mast3r!.

The UWMP will be available at this FTP site from
April 1, 2011 through June 15, 2011.

If there are issues with accessing the electronic
copy, you may contact Michael Bolzowski at the
company's headquarters at 1720 North First Street,
San Jose, California 95112-4598, by calling (408)
357-8200, or by email at mbolzowski@calwater.com.

A Public Meeting to receive comments on the Pro-
posed Urban Water Management Plan and the
Conservation Master Plan will be held on May 18,
2011, from 2:30 p.m. to 4:30 p.m., in Cal Water's
Bayshore Customer Service Center, 341 North Dela-
ware Street, San Mateo CA 94401.

If you are unable to attend the scheduled public
meeting but want to provide comments regarding
the proposed UWMP, you may send your com-
ments in writing via mail or email to:

Thomas A. Salzano,
Water Resource Planning Supervisor
California Water Service Company
1720 North First Street
San Jose, CA 95112-4598
tsalzano@calwater.com

Cal Water will receive comments on the proposed
UWMP and the Conservation Master Plan from
April 1, 2011 through June 15, 2011.

Comments regarding the Conservation Master
Plan for South San Francisco should be sent to:

Kenneth G. Jenkins, Conservation Manager
California Water Service Company
2632 West 237th Street
Torrance, CA 90505
