TO
RECEIVE COMMENTS ON THE PROPOSED
PLAN**

**CALIFORNIA WATER SERVICE COMPANY'S
EAST LOS ANGELES DISTRICT**

California Water Code, Part 2.6 Chapters 1 through 4 (Sections 10610 through 10656), are known and may be cited as the "Urban Water Management Planning Act."

These California Water Code sections require all urban water suppliers that provide water for municipal purposes either directly or indirectly to more than 3,000 customers or supply more than 3,000 acre-feet of water annually to prepare an Urban Water Management Plan as outlined and identified in those sections. This requirement applies to public and privately owned water utilities.

The plan must describe and evaluate sources of supply, reasonable and practical efficient uses, reclamation, and demand management activities. The components of the plan may vary according to an individual community or area's characteristics and its capabilities to efficiently use and conserve water. The plan must address measures for residential, commercial, governmental, and industrial water demand management.

The act requires urban water suppliers to update their Urban Water Management Plans at least once every five years, and to file updated plans with the Department of Water Resources, the California State Library, and any city or county served by the supplier no later than 30 days after adoption.

California Water Service Company (Cal Water) is an investor-owned public utility providing water service throughout California. In addition, Cal Water is regulated by the California Public Utilities Commission (CPUC).

One of Cal Water's service areas is the East Los Angeles District, which is located in Los Angeles County. The East Los Angeles District serves a large section of unincorporated Los Angeles County known as East Los Angeles, and portions of the cities of Montebello (20%), Commerce (85%), and Vernon (10%).

As a defined urban water supplier, Cal Water is preparing an update to its Urban Water Management Plan that will address the water service conditions in the East Los Angeles District. It is Cal Water's intent to adopt that plan and file that plan as required with the Department of Water Resources, the California State Library, and any city or county within which Cal Water provides service.

A key focus of this UWMP update is the conservation requirement set forth in Senate Bill 7 (SBx7-7) as passed in November 2009. SBx7-7 mandates a statewide 20% reduction in per capita urban water use by 2020. In order to quantify the objectives and identify the means of achieving this mandated demand reduction, Cal Water has prepared a Conservation Master Plan.

Cal Water is in the process of expanding current conservation programs and developing new programs for its 24 districts. Over the next five

Notice Type: GPN - GOVT PUBLIC NOTICE

Ad Description: NOTICE OF INTENT TO ADOPT AN URBAN WATER
MANAGEMENT PLAN AND HOLD A PUBLIC MEETING
TO RECEIVE COMMENTS ON THE PROPOSED PLAN

I am a citizen of the United States and a resident of the State of California; I am over the age of eighteen years, and not a party to or interested in the above entitled matter. I am the principal clerk of the printer and publisher of the EAST L.A. TRIBUNE, a newspaper published in the English language in the city of N/A, and adjudged a newspaper of general circulation as defined by the laws of the State of California by the Superior Court of the County of LOS ANGELES, State of California, under date of 07/27/1931, Case No. 323832. That the notice, of which the annexed is a printed copy, has been published in each regular and entire issue of said newspaper and not in any supplement thereof on the following dates, to-wit:

04/28/2011, 05/05/2011

Executed on: 05/09/2011
At Los Angeles, California

I certify (or declare) under penalty of perjury that the foregoing is true and correct.

Signature

years, Cal Water conservation program expenditures are likely to increase, due in large measure to recently adopted state policies requiring future reductions in per capita urban water use. These state policies include SBx7-7, as well as recent decisions by the California Public Utilities Commission (CPUC) directing Class A and B water utilities to adopt conservation programs and rate structures designed to achieve reductions in per capita water use, as well as the Memorandum of Understanding Regarding Urban Water Conservation in California (MOU), of which Cal Water has been a signatory since 1991.

The Conservation Master Plan for the East Los Angeles District will be presented to the Cities, Counties and public served by Cal Water's East Los Angeles District in conjunction with the UWMP.

Schedule of upcoming actions:

On April 1, 2011, a copy of the Proposed Urban Water Management Plan and the Conservation Master Plan were made available for review during normal business hours at the East Los Angeles Customer Service Center, 3316 West Beverly Boulevard, Montebello, CA 90640.

It is preferred that prior arrangements be made with the district's management for viewing the Proposed Urban Water Management Plan and/or the Conservation Master Plan. These arrangements can be made by calling (323) 722-8601.

As an alternative to reviewing the Proposed Urban Water Management Plan in Cal Water's East Los Angeles District Customer Service Center, Cal Water has placed an electronic copy of the Proposed Urban Water Management Plan on an FTP site, where the plan may be reviewed and/or downloaded.

The site can be accessed at <http://calwater.ftptoday.com> ;
The user name is **cwsftp16** and the password is **Jupit3r!**.

The UWMP will be available at this FTP site from April 1, 2011 through June 15, 2011.

If there are issues with accessing the electronic copy, you may contact Michael Bolzowski at the company's headquarters at 1720 North First Street, San Jose, California 95112-4598, by calling (408) 367-8200, or by email at mbolzowski@calwater.com.

A Public Meeting to receive comments on the Proposed Urban Water Management Plan and the Conservation Master Plan will be held on June 7, 2011, from 5:30 p.m. to 7:30 p.m., in the East Los Angeles District Operations Center Conference Room located at 5243 East Sheila Street, Los Angeles CA 90040

If you are unable to attend the scheduled public meeting but want to provide comments regarding the proposed UWMP, you may send your comments in writing via mail or email to:

Thomas A. Salzano, Water Resource Planning Supervisor
California Water Service Company
1720 North First Street
San Jose, CA 95112-4598
tsalzano@calwater.com

Cal Water will receive comments on the proposed UWMP and the Conservation Master Plan from April 1, 2011 through June 15, 2011.

Comments regarding the Conservation Master Plan for East Los Angeles should be sent to:

Kenneth G. Jenkins, Conservation Manager
California Water Service Company
2632 West 237th Street
Torrance, CA 90505
