

CONSERVE MY
California
SAVE WATER EVERY DAY

California Water Service (Cal Water) empowers our customers to conserve water by offering programs designed to reduce water use and associated energy demands, thereby promoting long-term supply reliability and environmental sustainability.

We offer financial incentives to aid our customers in the retrofit of their homes and businesses, including, but not limited to: high-efficiency appliances, fixtures, and irrigation devices; drought-tolerant landscapes; and water-use monitoring applications.

This report highlights the water savings achieved by our Los Altos Suburban District customers in 2024 and over the lifetime of our programs.
